Contact details of the group

Dr. Albert Barberà
93 227 54 00 (ext. 4180/4154)
abarbera@clinic.ub.es

Areas of action

The Connect-EU Health Network focuses on six specific areas of action:

- 1_ Biotechnology, generic tools and medical technologies for human health
- 2_ Systems biology
- 3_ Neurosciences and related illnesses
- 4_ Infectious diseases, HIV and international health
- 5_ Translational research into common illnesses
- 6_ Awareness-raising among citizens about the healthcare system.

Goals

- 1_ To draw up the strategic research agenda for Catalonia for the years to come.
- 2_ To form strategic alliances with Catalan companies and academia, including universities and teaching hospitals.
- 3_ To favour the participation and inclusion of members of the Network in the 7FP.
- 4_ To publicise the Network and give it maximum exposure in the field of health.

Strategy

_ To increase synergies and determine which fields have greatest research potential in order to set up new, cutting-edge, collaborative projects between Catalan businesses and organisations in the field of biomedical research. The ultimate aim of the Network is to position Catalan research on an international level and obtain greater returns.

Members of the group

- _ FENIN • Carlos Sisternas • c.sisternas@fenin.es
- _ ANAXOMICS • José Manuel Mas • xouse@anaxomics.com
- _ Fundació ACE • Mercè Boada • secretaria@fundacioace.com
- _ IRSICAIXA • Bonaventura Clotet • egrau@irsicaixa.es
- _ CLINIC • Josep M^º Gatell • raguilo1@clinic.ub.es
- _ IDIBELL • Montserrat Ballarin • mballarin@idibell.cat
- _ ICO • Núria Benitez • nbenitez@iconcologia.net
- _ CATALONIABIO • Victor Linares • vlinares@cataloniabio.org
- _ FARMAINDUSTRIA • Aranxa Martí • 93 207 10 12
- _ FMIM • Marta López • mlopez4@imim.es
- _ CRG • Bruna Vives • bruna.vives@crg.es
